

Scouts WA

Virtual Scouting

In Patrols -

Organise a communication method suitable for all your members eg: Zoom, Facebook, WhatsApp etc. Use this to discuss activities beforehand and share results after you've completed them. You could upload your end product to the Scouts WA Facebook or Instagram.

Solo Scouters -

Choose your own Adventure! Take part in each of the activities - record how you go, feel free to share to the Scouts WA Facebook or Instagram.

For Leaders/Parents -

Consult with your youth members - if the activities are either too easy or too hard they can get creative and change the activity to suit their individual ability level.

Adventure and Sport

- Yoga
- Meditation
- Create a New Sport or Game
- Scavenger Hunt
- What Knot

Arts and Literature

- Short Stories
- Photography
- Painting & Drawing
- Mindfulness Colouring
- Movie Night

Creating a Better World

- Community Posters
- Time Capsule
- Letter Writing
- Create Your Own
- Role Models

Environment

- Flower Press
- Animal Count
- Propagation
- Household Waste
- Create an Environment

Growth and Development

- Say Hello
- Cooking
- Sign Language
- A New Skill
- Book Worm

STEM and Innovation

- Rube Goldberg
- Lego Designer
- Tower Construction
- Paper Airplanes
- Chemical Reaction

Adventure and Sport

Yoga

In your patrol decide on 3-5 yoga poses to try at home. Ask yourself – which one was hardest? Report back to your patrol.

Meditation

Set yourself a period of time to sit and meditate. Ask yourself – what did my mind think about, could I clear my head? How do I feel now? Report back to your patrol.

Create a New Sport or Game

Get creative and outline how to play. Think about – what do I need to play the game, how many people can play? Explain your games to your patrol – you can play them when you see your patrol later!

Scavenger Hunt

Find the following things around your house:
Something Blue. Something Soft. An Animal. Something You Made. Something That Makes You Smile. A Plant. Something Noisy. Something Special To You. A Book. Something else! Share these with your patrol.

What Knot

Each person in your patrol chooses a knot to teach the rest of the patrol. Take photos of each step to help you explain.

Scouts WA

Virtual Scouting

Arts and Literature

Short Stories

Work with your patrol to decide on topic. Ideas “You’ll never believe what happened on camp!”, “Where could Scouting take me?”, “My best Scouting memory” or you could create your own! Read/share the final product with your patrol.

Photography

Work with your patrol to decide on 3-5 objects or views to take photos of. You could snap some during the day and others at night – why not try taking a black and white photo? Share these with your patrol afterwards.

Painting and Drawing

Decide within your patrol what you will draw – choose on your own in what method you will get creative. Watercolour, paints, texters, pencils – the choice is yours! You could do a self-portrait, a view from your front yard, an animal or choose something different.

Mindfulness Colouring

Sit and relax and colour in one of the designs chosen by your patrol. Share your results. Ask yourself – where did my mind wander to while I was colouring – what did I think of?

Movie Night

Within your patrol choose a movie to watch. Once finished discuss the plot, characters and your thoughts about the movie as a whole.

Scouts WA

Virtual Scouting

Creating a Better World

Community Posters

Within your patrol choose a local cause to support. Design a poster for it to highlight what you and the community could do to make the world a better place.

Time Capsules

Brainstorm in your patrol what you would like to include. You could each write a letter for each of you to include. Ask yourself – what else should you add to show future Scouts what the world is like today? You could bury these at your Scout Hall at a later date.

Letter Writing

In your patrol – identify and contact a local retirement home, hospital or other community group. Write and post letters to the residents and try to make their day a little bit brighter!

Create Your Own

Identify another unique way that you and your talents could make the world a better place. Ask yourself - what can you do to make an impact?

Role Models

Ask yourself – who do you look up to? Why? What makes a good role model? Discuss your answers in your patrol.

Scouts WA

Virtual Scouting

Environment

Flower Press

Collect flowers and leaves from your backyard or local area. Create a flower press and document how you made it. Share the results with your patrol.

Animal Count

Choose an animal to identify from your backyard – it could be a type of bird, frog, possum etc. Stay outdoors for an hour or so and count how many you can spot.

Propagation

Propagate a plant – you could choose from heaps of fruit or veggies! Research how to propagate plants with your patrol and then take photos of your plants progress.

Household Waste

Talk to your patrol about how your house is currently recycling/composting/reusing. Ask yourself - what new ideas can you implement? How can your decisions and actions effect Climate Change.

Create an Environment

Discover how you can create a Terrarium or a Bug Box. Go ahead and get creative and make one for your house or backyard. Share your results with your patrol.

Scouts WA Virtual Scouting

Growth and Development

Say Hello

Learn how to say hello, in 5 different languages. Record yourself and share it with your patrol.

Cooking

Help make dinner for your family. Share photos of your meal and the recipe you followed with your patrol. Ask yourself - what was the hardest steps in the recipe? What would you change for next time?

Sign Language

Research and learn how to sign your name in Auslan. Record a video of this to be shared with your patrol. Ask yourself - what are the benefits and challenges in communicating through sign language?

A New Skill

Identify something you would like to learn. Provide progress reports to your patrol. What are the future benefits to learning this skill? How will it help you in life?

Book Worm

Read a new book! Share what you read and what you learnt with your patrol. What genre was the book? What's next on your reading list?

Scouts WA

Virtual Scouting

STEM and Innovation

Rube Goldberg Machine

Research Rube Goldberg Machines – create one with objects you have around the house. Alternatively make a domino train with your books. Record results to share with your patrol.

LEGO Designer

In your patrol choose from “NASA asks you to design a new rocket”, “Design a boat to help you escape a deserted island”, “A new city needs a new traffic bridge designed” or something different! Create your designs out of LEGO (or other building materials) and take photos of your final products to share with your patrol. Ask yourself – What would this look like in real life?

Tower Construction

In your patrol agree materials to use and each build the tallest tower you can within the set parameters. Measure your results and share with your patrol. Ask yourself – what design changes could I make for next time, to make it more structurally sound?

Paper Airplanes

Research different methods on how to fold a paper airplane – try different designs and record the flight results. Share your results with your patrol.

Chemical Reaction

Choose one of these: Egg in Vinegar, Bicarb/Vinegar Volcano, Lemon Juice Invisible Ink or choose your own (make sure it's safe!) Record the steps you took and what results you found. Share these with your patrol. Ask yourself – what would change your results?
