Virtual Stradbroke Cup 2020

Patrol Challenge 1

Organisation and Logbooks

Every Patrol camp needs a plan. The plan should include the following:

- Who is going to be there
- What you are going to eat
- What you need to buy. Also known as a ration list
- What you are going to do while you are there
- What equipment you will need for your camp
- A duty roster that shows (at least) who is preparing each meal and cleaning up. Make sure it is fair and not one person is doing all the work.

You may need to think about each member of your Patrol when assigning tasks. Short or tall, experienced campers or not. Master chefs in the kitchen, great gadget makers etc.

The Challenge

1. Prepare a Logbook for a long weekend camp (4 days)
2. Share your Logbook with the rest of your Patrol
3. Combine all your ideas into one final document. This can be done at home and shared during your virtual scout meeting or by email.
4. Present your Patrols logbook to the rest of the troop, who can check to see if your Patrol's logbook contains everything required for your weekend adventure. One point is awarded for each dot point in the green box on the left for completed items included.

Below are some ideas on how some of the pages can be laid out.

You might combine the above with initials or names provided it is clear and not too messy.
